CONTRACTOR XPRESS NOTICE: SHIPPING, RETURNS, SHIPMENT DAMAGES, PRICES

SHIPPING Orders that are in stock will ship as soon as possible. Any items back-ordered will ship when available unless otherwise instructed. Large items that cannot ship via UPS will ship via a third party carrier and may not qualify for free freight. The carrier selected will be a third party with an affiliation with Aramsco. We prepay and add third party freight charges to your invoice. You may select a carrier of your choice, but you will be responsible for delivery costs directly to the carrier. Aramsco will not be responsible for service failures, charges, insurance or ownership of product using third party carriers.

RETURNS In the event you need to return an item, please contact our customer service department for an authorization number. Returns must be in the original packaging. Returns must be made within 30 days of your purchase. Custom or special order items are not returnable.

SHIPMENT DAMAGES In the event that your shipment is damaged in transit, please report the damage to the carrier driver. Damages should be reported on the freight bill. Keep the original packaging from this shipment.

PRICES All prices are subject to change without prior notice. Buyer will be invoiced at the prices in effect at the time of shipment. All taxes, transportation costs, duties and other charges are in addition to listed prices. Contact Aramsco for current prices and quantity discounts.

TESTIMONIAL

"Our sales rep at Aramsco dropped off 6 odor pucks a few months ago and I gotta say - we love them! As a small business owner, the things that can frustrate the most are the dirtiest things, which for us, is the waste tank. I've made many attempts to have them cleaned as much as possible, however, the pucks kept things smelling fresh in the process. I love the idea that my technicians can operate in a fresh smelling van! We will definitely be customers when they are for sale."

"TAKE A BITE OUT OF GRIME"

This is not your Grandfather's Snake Oil

I stumbled across this article the other day that I had originally written over 20 years ago. Aside from the emotional trip down memory lane, which I'm prone to do, I realized the marketing message is even more important today than it was then.

It's likely now that you are offering tile and grout cleaning as part of your offering of services to your customers. If not, you should consider it. In fact you should make it a priority to learn this process. Just like with your other services, it's important you are using the best products available which will give you the best chance of success. You should avoid "me too" products or chemistry that is "overhyped". You should stick with those committed to using quality raw materials and cutting edge technology.

I remember when I was very young I heard my father and uncle discussing a medicine they referred to as Snake Oil. I didn't know what that meant and I certainly never remembered getting anything from the doctor that came from a snake. My dad explained that when he and his brothers were at a carnival when they were very young, there was a man selling a product that was supposed to cure everything from mumps and measles to the common cold. Only one bottle would keep your whole family healthy for a year.

They were so excited they pooled their money and bought a bottle, and ran home to tell their mother. She told them she hoped it was also a pain killer because they were going to need it for their tiny little behinds. She told them all they bought was Snake Oil. This was a generic term used to describe fake medicines sold all over the country and was nothing more than a scam. The boys were crushed. They felt horrible for wasting their money, especially considering that every penny was precious for them at that time.

What does this story have to do with tile and grout cleaning? As stated in the first paragraph, "it's important you are using the best products available which will give you the best chance of success," Viper Venom is the best product in its class. To this day, it's still the standard by which all other alkaline tile cleaners are measured. Don't settle for Snake Oil, get the real thing.

Viper Venom

Viper Venom is the premier high alkaline pre spray for hard surfaces. It is loaded with surfactants, solvents and builders that enable it to easily cut through the oldest and toughest soils, oils and greases you can find. Not only is Viper Venom extremely effective, it's economical. You can mix it 1:32 for light soils up to 1:1 for those extreme situations that call for a little extra bite. Since its introduction nearly 25 years ago, Viper Venom has consistently been one of the top selling products in our organization and is likely the all-time number one selling alkaline tile and grout cleaner.

What Customers Say...

"OUR SALES REP AT ARAMSCO dropped off 6 odor pucks a few months ago and **I gotta say – we love them!** As a small business owner, the things that can frustrate the most are the dirtiest things, which for us, is the waste tank. I've made many attempts to have them cleaned as much as possible, however, the pucks kept things smelling fresh in the process. I love the idea that my technicians can operate in a fresh smelling van! **We will definitely be customers when they are for sale.**"

Viper Venom II Tile & Grout Cleaner

Viper Venom II blends ingredients proven to be effective on a range of oils and dirt, and includes special additives that suspend soils so that they can be easily rinsed away.

- Odorless, Viper Venom II can be mixed with citrus boosters or other fragrances depending on the customer's preference.
- 270% increase in grease-cutting surfactants over Viper Venom. This results in improved cleaning power without having to rely on solvents.
- 100% reduction in noxious solvents, making it easier to work in confined spaces with poor ventilation.
- 50% reduction in foam levels.
- Improved safety formulation without sacrificing cleaning effectiveness.

1656-7024	Viper Venom II Tile & Grout Cleaner, 1 Gal. (ea)	$27.75

Viper Renew

When all other cleaners have failed, Viper Renew works on the acid side of the pH scale to remove soils and stains on grout and tile even if neglected for years. Viper Renew removes a very thin layer of grout removing hard water deposits, soap scum and efflorescence. Proprietary organic salt is twice as effective as phosphoric acid at dissolving calcium carbonate, without unpleasant fumes. A solution for the most extreme tile and grout cleaning situation.

Item	Description	Price
1636-0582	Viper Renew CH49L, 1 gal. (ea)	$43.95

Viper Stone Tile and Grout Cleaner

Viper Stone is an alkaline pre-treatment cleaner for stone, man-made ceramic, porcelain and quarry tile. Amazing advances in surfactant technology help Viper Stone melt away grease, stains and soil and do it without the addition of solvents or highly caustic builders.

Item	Description	Price
1610-1913	Viper Stone, Tile and Grout Cleaner CH43GL, 1 gal. (ea)	$23.49

Viper Venom

If you prefer a high alkaline, solvent fortified chemical to deal with heavy soil on hard surfaces, you want Viper Venom. The original tile and grout cleaner, it removes years of built-up grease, dirt and stains.

Dilute it 1:1 for tough jobs, more for lighter jobs. You'll see the dirt start to lift out of the grout even before you begin using your machine. Rinse well.

Makita's SJS™ Angle Grinders combine 13-amp variable speed power with comfort and motor-protection features for longer-lasting stone grinding and polishing performance.

Engineered with Makita's innovative SJS mechanical clutch system to protect the gears for longer tool life.

- Powerful 13 AMP motor delivers more output and variable (2,800 - 10,500) RPM
- SJS technology is a mechanical clutch system that helps prevent motor and gear damage by allowing the drive shaft to slip if the wheel is forced to stop
- Variable speed control dial enables user to match the speed to the application
- Constant speed control automatically applies additional power to the motor to maintain speed under load
- Soft start suppresses start-up reaction for smooth start-ups and longer gear life
- Electronic current limiter helps protect the motor from overload
- Labyrinth construction seals and protects the motor and bearings from dust and debris for longer tool life
- Slide switch with lock-on setting for continuous use
